The Yavapai Trails Association Board of Directors and Members:

A very sincere Thank you for you generous donation of time and resources to improve The Town of Chino Valley's Peavine Trail. The YTA has made the very first improvements to the Chino Valley Peavine Trail other than maintenance, since the trails inception.

Most notably, the recent installation of benches (another first) counters and signage. With a special grant written by YTA member Cathy Schultz, and guided by George Sheats the "gang" has again lived up to its motto: "Creating Trails and Saving Outdoor Spaces" within our community.

The Town of Chino Valley is grateful to the Yavapai Trails Association and the work and contributions made to benefit our citizens and our tri-city neighbors. The Town also appreciates YTA reaching out to Chino Valley taking the initiative and directive with our Peavine improvements.

Again, many thanks!

Sincerely,
