## **Staying Current Sometimes Means Big Changes**

Yavapai Trails Association is growing, and we are trying to stay current too. In an effort to keep bringing you all the news and updates from our organization, we have decided to enter the 21st century and bring Trail Tracks fully digital. This new format will allow us to communicate with you in a timely manner and in a way that fits your active life. You can expect six issues per year (January, March, May, July, September, and November) right around the 15th of each month. Yes, that is more frequent than the quarterly we have previously done. We will also continue to send out notices for each event and field workday with all the details you need to participate. This edition is coming out early, as we wanted to make sure you have all the dates for your calendar. Over the next few weeks, the YTA marketing team will be streamlining the format as well as gathering content for the May edition. We hope you stay tuned; it only gets better from here.

Happy Trails!
